About Us ................................................................. 63
In 2008 we took our first passenger on a Beyond Band of Brothers tour. This year we will take our one thousandth. Although we're not surprised that interest is growing, we feel immense satisfaction in knowing that we are able to provide history – real history – to people who demand more from their vacation. This higher purpose brings out the best in us, and makes us want to do more.

New in 2015 is our Battle of Britain Tour, a seven-day jaunt exploring the brave defense of the United Kingdom, sole defender of freedom in 1940. Air battles get the lion’s share of attention, but all corners are covered. See page 36 for the itinerary.

In 2014 we debuted our Italian Campaign Tour, an 11-day journey through Sicily and southern Italy that ends in glorious Rome. Passengers have raved about the tour, pointing at San Pietro Infine, Monte Cassino and Pompeii as highlights. We have improved the tour based on their feedback, so be sure to check out the latest itinerary on page 33.

The popularity of our Third Reich Tour of Germany shows that our travelers yearn to understand how such destructive extremism could take hold in a civilized country. See the itinerary on page 27.

This is a special year for those who would remember the horrors of the Shoah. Seventy years ago, the miraculous survivors of Nazi mass murder were set free from the most notorious work, concentration and death camps. Pay tribute to the victims on our Central Europe Remembrance Tour, which visits Dachau, Theresienstadt and Auschwitz-Birkenau. Learn more on page 18.

As for our original and most popular tour, we have expanded our capacity to take more travelers than ever to Normandy, Holland, Belgium and Germany on our Band of Brothers tour. See the itinerary page 12. Also, be sure to check out the two new Super Combined Tours, each an unbelievable 22-day historical bonanza. See page 51 for itineraries.

In December we will return to the Lowland Countries for the annual commemoration of the Battle of the Bulge. Join us for the Throwing of the Nuts! See the itinerary on page 40.

This past year we have encouraged more passengers to provide feedback on our tours and the results speak for themselves. Whether on TripAdvisor, Facebook, or Historytourreviews.com, our passengers are uniform in praising our guiding, accommodations, transportation and rib-bursting meals.

We hope to see you in 2015 as one of our next 1,000 satisfied travelers.
“WE FEW, WE HAPPY FEW, WE BAND OF BROTHERS. FOR HE TODAY THAT SHEDS HIS BLOOD WITH ME SHALL BE MY BROTHER”

William Shakespeare
Our Band of Brothers tour offers a once in a lifetime opportunity to experience World War II by following the footsteps of the 101st Airborne Division through Nazi-enslaved Europe.

Combining the perspective of the advancing liberators with the local experience of life under German occupation and the collapse of Hitler’s empire provides a well-rounded experience of World War II in the ETO.

The time in Normandy allows us to explore all five Normandy landing sectors and familiarizes us with the defense system of the Atlantic Wall, whose many bunkers and casemates still dot the countryside. We walk along the hedgerows, beaches and bluffs of the Normandy coastline, which truly drives home the valor and determination of the invading soldiers. The American cemeteries in Normandy and Luxembourg offer a somber environment to express our gratitude to the fallen.

Touring the Dutch dikes of Operation Market Garden and standing in the foxholes dug during the Battle of the Bulge show the extreme conditions that the American Army had to endure to push back the Germans. Standing at the site of such iconic conflicts as the Battle of the Crossroads, Pointe du Hoc or Brecourt Manor brings history to life, while stepping inside the nightmarish Dachau concentration camp shows what awaited those who stood in Hitler’s way. The trip concludes with a ride up to the Eagle’s Nest and a dark journey into a Nazi bunker near Berchtesgaden.

“FOR THE DEAD AND THE LIVING, WE MUST BEAR WITNESS.”

Elie Wiesel
Our Central Europe Remembrance Tour is a first-hand experience of the 20th century in the heart of Europe.

Our tour offers a comprehensive overview of the events that shaped this region over the last hundred years with special focus on the Second World War, especially the Holocaust.

The tour traces the roots of National Socialism, explains Hitler’s rise to power on the ruins of the post-Great War German economy, and presents the ideology and power struggle of the Nazi state as well as the people and mechanisms behind the concentration camp system.

Visiting different types of camps, namely Dachau, Theresienstadt and Auschwitz, allows us to gain a deeper understanding of the evolution, inner workings and underlying economic and political context of the camps. Dachau, a model concentration camp with its roots in the 1930s, is the birthplace of many of the methods and structures used in other camps. Theresienstadt offers a view of the war-time ghettos of Central Europe and also provides an example of the numerous transit camps of the Third Reich. Infamous Auschwitz is the best known example of the brutal death camps as well as the largest forced labor camp of WWII.

The beautiful historic cities of Central Europe give an insight into the life of the European Jewry during the pre-war years as well as their suffering during the war. The city tours, museums and stunning architecture of Munich, Prague, Krakow and Budapest paint a bright picture of the diverse history and rich cultural heritage of the peoples of Central Europe. Having dinner in a selection of traditional restaurants including in the Castle area of Prague and the Citadel of Budapest lets us taste the flavors of local hospitality. Our journey takes us through the former Eastern Bloc, where the long-lasting effects of decades of communism can be observed as well.
Day 1: Upon arrival in Munich, passengers are greeted at the airport and brought to our hotel. There is an introduction to the tour and a chance to get acquainted over a welcome drink.

Day 2: In the morning we visit the infamous Dachau camp, which features a full-scale museum detailing Nazi atrocities. In the afternoon a local guide leads us on a Third Reich tour of Munich. We experience the city as the birthplace of the Nazi Party, with visits to the official Nazi Headquarters and the location of the Beer Hall Putsch street battle.

Day 3: The day involves a trip to Berchtesgaden, site of Hitler’s Bavarian retreat and the Eagle’s Nest. We start with a scenic drive up to the Eagle’s Nest itself. We then pay a visit to Dokumentation Obersalzberg, an exhibit set atop the bunker complex that was to serve as the Nazis’ last stand.

Day 4: We leave Munich for the Czech Republic, stopping in Pilsen, birthplace of the pilsner brewing process, before finding the small town of Terezín. Originally a Habsburg garrison, the stronghold became first a Gestapo headquarters and then a concentration camp. Although inmates suffered tremendously in Theresienstadt, Hitler convinced the Red Cross that it was actually a thriving, autonomous Jewish community. We spend the night in Prague.

Day 5: The day begins with a walking tour of Prague’s famous Jewish quarter, its historical synagogues and town square. We then cross Charles Bridge on our way to Prague’s stunning medieval castle district, taking in the palace, St. Vitus Cathedral, and the Golden Lane.

Day 6: We travel through the Czech and Polish countryside to the beautiful city of Krakow, one of Poland’s most historic and scenic towns. The evening is free to explore the city or rest up for the next day’s busy schedule.

Day 7: We start the day with a walking tour of the city that was the Polish capital for more than 500 years. Among the sites on our tour are the beautiful Royal Castle and the Renaissance Cloth Hall. We then visit Oskar Schindler’s factory, a safe haven for than a thousand Polish Jews during the war. The factory has been expanded to include a larger exhibit on Krakow under Nazi Occupation: 1939-1945.

Day 8: We travel to the infamous Auschwitz concentration camp. Birkenau, Auschwitz’s notorious extermination camp, accounted for the death of more than a million Jews, Roma, POWs and political opponents from across Europe, and stands as a testament the greatest atrocity of the 20th Century. The day’s events include a visit to the labor camp and its piles of personal possessions stripped from the camp’s prisoners, followed by a trip to Birkenau itself.

Day 11: After saying goodbye, our guests are brought to Budapest’s international airport for their return flights.
“THE BEST POLITICAL WEAPON IS THE WEAPON OF TERROR. CRUELTY COMMANDS RESPECT. MEN MAY HATE US, BUT WE DON’T ASK FOR THEIR LOVE, ONLY FOR THEIR FEAR.”

OUR THIRD REICH TOUR OFFERS A UNIQUE JOURNEY

THROUGH GERMANY, FOLLOWING THE RISE AND FALL OF THE NAZI STATE FROM THE BEER HALLS OF MUNICH TO THE BUNKERS BENEATH BERLIN.

We trace the political, economic and ideological reasons behind Hitler’s rise to power, and visit the places where he rallied his followers, held diplomatic meetings, commanded armies and finally met his demise.

The tour takes us through sites of stunning natural beauty as well as cities with centuries of history. Nuremberg, one-time capital of the Holy Roman Empire, and the Hanseatic city of Hamburg provide the historical and cultural context for a deeper understanding of the background of events that led to the outbreak of WWII, while the scenic mountain resort of Berchtesgaden offers a glimpse into the opulent life of NSDAP officials. We have the chance to see traces of the past in the historic buildings of Munich, and the results of delusions of grandeur and propaganda set in stone at the Party Rally Grounds. In Berlin we connect the past to the present by visiting iconic pre-war, Nazi and Communist era sites in one of Europe’s liveliest cities.

“BLOOD ALONE MOVES THE WHEELS OF HISTORY.”

Benito Mussolini
In Italy the past is everywhere. The triumphs of Rome, Milan and Venice are celebrated, while the Fascist Era is muted, a dark period best forgotten. Unlike in Normandy, the Italian beaches are not dotted with museums, statues and monuments to the invading forces. Visitors seeking to explore Italy’s World War II history need knowledge, patience and, above all, expert guidance. Our Italian Campaign Tour provides a finely calibrated balance of Roman, Renaissance and 20th Century history that exists nowhere else in the world.

Before D-Day, there was the Italian Campaign, a brutal fight up from the island of Sicily to the southern Alps. Although Italy begged out of the war, the stubborn Germans held their ground, making Italy one of the bloodiest battlegrounds in Western Europe. Italy has since returned to its state as a land of culture and fine dining, but the legacy of World War II remains.

Join our 11-day journey to the hot spots of the Italian Campaign, including Catania, the largest city in Sicily, Paestum, where the Allies landed on the Italian mainland, and Monte Cassino, where the bombing of an ancient monastery did little to help soldiers scale the imposing mountain defenses. The tour ends in Rome, site of Mussolini’s coup d’etat and a city of Roman treasures. Along the way you will also visit San Pietro Infine, an abandoned town that was shelled into oblivion, Anzio, site of the landing that may have quickened the Allied approach to Rome but was spoiled by hesitation, and the unforgettable ancient city of Pompeii.

The Italian Campaign is the perfect complement to our Band of Brothers Tour, as it illustrates how the Allies made mistakes that would be corrected for the invasion of Normandy. It is also a terrific excuse to see the beautiful Italian countryside and enjoy the amenities of one of the world's most tasteful countries.
Day 1: Passengers are greeted at Catania Airport in Sicily and transferred to our hotel. Free time is available to settle in, spend time in the hotel or enjoy a walk around town. The tour’s events begin in the evening with a welcome drink and a presentation of the tour program.

Day 2: We start the day in Gela to visit the US landing beaches of Operation Husky. We tour the landing sites from Gela to Licata, followed by a visit to the memorial dedicated to the 82nd Airborne close to the Ponte Dirillo Bridge. We travel to Licata and then on to the Valley of Temples in Agrigento, a UNESCO World Heritage site.

Day 3: In the morning we visit the Historical Museum of the Landings in Catania. Afterwards we take a walking tour in the Baroque city center. In the afternoon we visit the Commonwealth War Cemetery located in a grove just outside of Catania with a view of Mount Etna, the highest active volcano in Europe. From here we go to the valley of Motta St. Anastasia to visit the German war mausoleum in an olive orchard.

Day 4: We travel to Cassino with frequent stops on the way. The journey includes a ferry crossing through the Strait of Messina to mainland Italy, the scene of the daring German evacuation to the Italian mainland at the end of the battle for Sicily.

Day 5: We head to the reconstructed Benedictine Abbey of Monte Cassino, where we will learn about the offensive against the Gustav Line. After this visit we visit a Polish and a German cemetery. We then drive to San Pietro Infine, a village that stands as it was left after heavy shelling to serve as a monument to the suffering and devastation caused by war.

Day 6: In the morning we drive to Pompeii and explore the famously preserved ancient site.

Day 7: We start the day at the Piana delle Orme Museum, one of the best private war museums in the world. In the afternoon, we journey to Anzio and Nettuno, the site of the amphibious landing of Operation Shingle in January 1944. We stop at the beach and visit the Museum of the Allied Landing. We will then pay our respects at the Sicily-Rome American Cemetery and Memorial, where 7,862 American soldiers are buried. We then drive to Rome for the night.

Day 8: Ancient Rome had an enormous influence on the aspirations of the Fascist regime and since no visit to Rome can be complete without visiting the Colosseum and the Vatican, we discover the most important ancient remains of the Italian capital with a guided tour. In the afternoon we visit other famous sites like the Trevi Fountain, the Pantheon and the Spanish Steps.

Day 9: We tour Rome in the footsteps of Mussolini. We visit the Liberation Museum, located in the former local Gestapo Headquarters, Mussolini’s Balcony where he delivered rousing speeches to his followers, and Via Rasella, site of the boldest attack of resistance against the occupying German forces, as well as other World War II related sites of the Eternal City.

Day 10: In the morning we visit the Vatican Museum and St Peter’s Basilica. The afternoon offers free time in Rome.

Day 11: Passengers are transported to Rome’s Leonardo da Vinci airport for their return flights home.
“WE SHALL GO ON TO THE END. WE SHALL FIGHT IN FRANCE. WE SHALL FIGHT ON THE SEAS AND OCEANS. WE SHALL FIGHT WITH GROWING CONFIDENCE AND GROWING STRENGTH IN THE AIR. WE SHALL DEFEND OUR ISLAND WHATEVER THE COST MAY BE. WE SHALL FIGHT ON THE BEACHES. WE SHALL FIGHT ON THE LANDING GROUNDS. WE SHALL FIGHT IN THE FIELDS, AND IN THE STREETS. WE SHALL FIGHT IN THE HILLS. WE SHALL NEVER SURRENDER.”

Winston Churchill
Day 1: Passengers are greeted at Heathrow airport in London and transferred to the hotel. After checking in, passengers have the choice to rest or wander around in London’s city center. In the evening there is an introduction to the tour and a chance for the passengers to get acquainted over a welcome drink.

Day 2: In the morning we head south to see the Battle of Britain Memorial at Capel le Ferne on top of the White Cliffs of Dover and Folkestone. We continue with a visit to Dover Castle, where the story of the Battle of Britain starts. The planning of Operation Dynamo took place here in the bunkers under the over 800-year-old castle.

Day 3: We start the day with a visit the No. 11 Group Operations Room and underground bunker at Uxbridge. In the afternoon we travel to the RAF Museum at Hendon, including a tour of the Battle of Britain Hall.

Day 4: The day begins with a trip to Bletchley Park, where the unsung code breakers greatly contributed to the war effort. After getting acquainted with the Enigma machine we visit the Cambridge American Cemetery. We then spend the entire afternoon among iconic aircraft at the Imperial War Museum Duxford.

Day 5: After a visit to London’s Imperial War Museum in the morning, we then visit other World War II related sites in the city such as Churchill’s Cabinet War Rooms and the HMS Belfast.

Day 6: In the morning we drive to Southsea to visit the SHAEF HQ at Southwick house, where many famous WWII battles were planned, including the Normandy invasion. In the afternoon we explore the D-Day Museum, which also houses the world’s largest embroidery relating the story of Operation Overlord.

Day 7: After saying goodbye, those on the combined tour are taken to Normandy, while the rest of our guests are brought to Heathrow airport for their return flights.

NEW IN 2015

After the fall of France in 1940, one country stood its ground against the Nazi Machine. After their discouraging defeat in Belgium and France, the United Kingdom regrouped, dug in and took to the air to defend their island nation against the formidable Luftwaffe, causing Hitler to abandon his plans to invade the country. Come to England for a 7-day tour that explores the fascinating war in the skies known as the Battle of Britain.

**DATES AND PRICES**

Prices presented are per person based on dual occupancy and include: first-class hotels with three meals per day (one meal on arrival and departure days); airport transfers on arrival and departure days; transportation with refreshments throughout the tour; museum entries and tour guiding. Our all-inclusive structure allows us to fill the days with more activities, especially considering the lack of dining options in many places. For these reasons, prices that exclude meals are unavailable. Triple room rates are available upon request.

All of our tours are offered at all-inclusive prices. We offer a discount from the list price to early-bird shoppers who complete payment three months in advance. A 10% deposit is required to secure space on the tour. There is also an option to book at the non-refundable rate, which affords the passenger a larger discount from the list price. Taking advantage of the non-refundable rate requires full payment at the time of booking. The non-refundable rate is only available until March 1 of the tour year. The two discounts may not be used in conjunction.

Prices do not include: extra drinks at dinner, extra hotel costs like mini-bar or pay-TV; costs resulting from a passenger failing to arrive at the pick-up location on time, or fail to board and depart from Europe. Prices are based on dual occupancy. Single travelers are asked to pay a supplemental fee of $500 on a 7-day or 8-day tour, $650 on an 11-day tour, $900 on a 17- or 18-day tour, and $1,200 on a 24-day tour.

We do not have the capacity to assist these arrangements, but Procom will not assume responsibility for any extra costs.

AIRPORT DROP-OFF
On the last day of the tour, Procom will arrange a transfer from the hotel to – and only to – the major international airport in the final city of the tour for the passenger’s return flight. The latest transfer to the airport will depart the hotel at least an hour before that hotel’s check-out time.

TERMS AND CONDITIONS

WRITTEN NOTICE AND ONLINE RESERVATION
All reservations, cancellations, changes, and arrangements must be made in writing or via our online reservation system. We are not obligated to act on information given via telephone unless written notice has been received. Fax, e-mail, and online bookings shall be accepted as written notice.

ALL-INCLUSIVE SERVICES
All of our tours are offered at all-inclusive prices. Prices presented are per person and include: first-class hotels with meals per day (one meal on arrival and departure days), airport transfers upon arrival and upon departure, museum entries and tour guiding. We do not discount from the list price to early-bird shoppers who complete payment three months in advance. A 10% deposit is required to secure space on the tour. Taking advantage of the non-refundable rate requires full payment upon registration and is only available until March 1 of the tour year. Our all-inclusive structure allows us to fill the days with more activities, especially considering the lack of strings of options in many places. For these reasons, prices that exclude meals are unavailable.

CANCELLATION FEE AND REFUNDS
Passengers cancelling a tour after registration will be subject to a cancellation fee of $320 per person. Notice of cancellation must be received in writing by Procom more than 90 days prior to departure for a full refund (less cancellation fee). If cancellation is received by us between 90 and 60 days of the departure date, the passenger will forfeit their deposit. If cancellation is received by us between 59 and 30 days of tour departure, the passenger will be responsible for fifty percent (50%) of the total tour cost. If cancellation is received by us less than 30 days before the departure date, the passenger shall be responsible for the total cost of the tour. Tour postponement by the customer shall be treated the same as cancellation. Certain special promotions and offers are non-refundable, and will be clearly stated as such.

CARDHOLDER'S COMPLAINT, METHOD AND CONDITIONS OF COMPENSATION
Thirty days after the homeward journey passengers can submit complaints by e-mail or post. We consider the certain case within 30 days of receipt of the mail, and if we find the objection to be valid, we are ready to refund the participation in full or partially.

TRAVEL INSURANCE
Travel insurance is not included in the price of the tour. We recommend that you purchase a travel insurance package. The most important travel insurance provisions are those covering refunds for last minute cancellation and for emergency medical coverage.

CURRENCY
All prices are quoted in US dollars. Payment can be made by check, credit card, or bank transfer, and the money is deposited in an escrow account. Our bank account in US dollars based in Fort Campbell, home of the 101st Airborne Division. The costs associated with the payment transfer will be incurred by Procom. TOUR DISCOUNTS
Please note that all tour discounts and other reductions in tour cost must be applied prior to final tour billing. We are not responsible for any unclaimed monies once final billing occurs.

If the services and accommodations described for your tour cannot be supplied due to causes beyond our control, all reasonable efforts to supply comparable services will be made. We make all reasonable efforts to adhere to the published itinerary. However, if circumstances require it, we reserve the right to change or substitute any published plan. We will notify all participants of this change as soon as we are aware of it.

AIRPORT PICK UP/DROP OFF
All of our trips require walking and getting on and off motor coaches. Some trips require more strenuous activities. You are responsible for judging your own capacity and to be able to do tour activities without delaying or infringing upon the progress of the trip or other travelers. If you travel with us, we must know at the time of your registration of any disability handicaps health or dietary restriction or any condition that may interfere with or limit your tour participation.
